In Between Spaces

In Between Spaces
The space in between birth and death is life. The space in between knowing and believing is something. I like the word mezzanine but I am not sure if it fits since by definition it relates to architecture. Interspace, on the other hand, sounds like something related to science fiction. Period is about time.

Shane Alexander ▯ Spaces in between Lyrics | Genius Lyrics
In writing, a space ( ) is a blank area that separates words, sentences, syllables and other written or printed glyphs. Conventions for spacing vary among languages, and in some languages the spacing rules are complex. Typesetting uses spaces of varying length for specific purposes. The typewriter, on the other hand, can accommodate only a limited number of keys. Most typewriters have only one width of space, obtained by pressing the space bar. Following widespread acceptance of the typewriter,

Space (punctuation) - Wikipedia
In Greek philosophy these mean "the material that fills the region of the universe above the terrestrial sphere. " aka the space between spaces. These are not my beliefs, aside from my perception of the movie quote, but they are historical facts. Sorry for poor grammar and writing.
