The book that turns our understanding of motivation on its head . . . and shows why most companies get it wrong. There are few people with more experience and accumulated wisdom about the inner workings of business and how people can work together more effectively than Jon Katzenbach. His groundbreaking research has resulted in several important books, including *The Wisdom of Teams* and *Real Change Leaders*. Over the past several years he has turned his attention to one of the perennial questions of leaders everywhere: How do I motivate my employees? Most everyone frets about how to devise schemes that will keep the troops revved up. Conventional wisdom—or at least the practice at most companies—often centers on money as the primary motivating force. Many also rely on intimidation, which like money generally has a short-term impact. But what Katzenbach has found in his research at many organizations is that both of these practices do little to build the long-term sustainability of an organization. For that you need a powerful force that has been—until this point—understood by few managers and implemented by fewer still: pride. From the front lines to the executive suite, most people are motivated by feelings of accomplishment, approval, and camaraderie. It ' s why the best employees strive well beyond performance levels that will yield them higher pay and why most true professionals relentlessly avoid retirement. Why does Southwest Airlines consistently turn in the highest levels of performance and profitability of any company in the airline business? What can the U.S. Marines teach us about individual commitment that can be used in the for-profit world? How is General Motors overcoming its history of labor-management enmity through the efforts of “ pride-builders ” from both the union and the management side? By drawing on what he has learned from these and many other organizations, Jon Katzenbach provides a practical program for understanding the role of pride: • Money is not the motivator most people think it is: Katzenbach shows why pay-for-performance programs by themselves result in employees who focus on self-serving behavior and skin-deep organizational commitment. • Money tends to be a short-term motivational device and works best during times of growth, but pride works in bad times as well as good. • Cultivating pride is an investment that yields high returns on workforce performance over time and is not nearly as costly as relying solely on monetary compensation and the turnover risks that accompany a “ show me the money ” culture. Katzenbach shares unique insights and specifics

about how the best mid-level pride-builders take advantage of the world ' s greatest motivational force even in environments as challenging as General Motors and Aetna. He shows how managers at every level are missing a powerful lever if they are not instilling pride as a primary force for building their organization. Also available as an eBook.

NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • From one of America ' s iconic writers, a stunning book of electric honesty and passion that explores an intensely personal yet universal experience: a portrait of a marriage—and a life, in good times and bad—that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year ' s Eve—the Dunnes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion ' s attempt to make sense of the “ weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself.

Explores the sites and attractions of the country, offers advice on where to stay and eat, and comments on Chile's history, politics, environment, and peoples.

» The world's most-comprehensive look at the American automobile. Year-by-year coverage of all major makes, from 1930 to today. » More than 3,500 photos. Includes the GM-Ford-Chrysler Big 3, plus the spectrum of makes from Allstate and AMC, through Duesenberg and LaSalle, to Tucker and Willys. » Authoritative reports on the cars, the companies and the individuals behind them. Detailed specifications charts include horsepower, original prices, annual production volume, and much more.

Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

NEW YORK TIMES BESTSELLER Philip Pullman returns to the parallel world of His Dark Materials--now an HBO original series starring Dafne Keen, Ruth Wilson, James McAvoy, and Lin-Manuel Miranda--to expand on the story of Lyra, "one of fantasy's most indelible heroines" (The New York Times Magazine). Don't miss Volume II of The Book of Dust: The Secret Commonwealth Malcolm Polstead and his daemon, Asta, are used to overhearing news and the occasional scandal at the inn run by his family. But during a winter of unceasing rain, Malcolm finds a mysterious object--and finds himself in grave danger. Inside the object is a cryptic message about something called Dust; and it's not long before Malcolm is approached by the spy for whom this message was actually intended. When she asks Malcolm to keep his eyes open, he begins to notice suspicious characters everywhere: the explorer Lord Asriel, clearly on the run; enforcement agents from the Magisterium; a gyptian named Coram with warnings just for Malcolm; and a beautiful woman with an evil monkey for a daemon. All are asking about the same thing: a girl--just a baby--named Lyra. Lyra is at the center of a storm, and Malcolm will brave any peril, and make shocking sacrifices, to bring her safely through it. "Too few things in our world are worth a seventeen-year wait: The Book of Dust is one of them." --The Washington Post "The book is full of wonder. . . . Truly thrilling." --The New York Times "People will love the first volume of Philip Pullman's new trilogy with the same helpless vehemence that stole over them when The Golden Compass came out." --Slate
