The Subaru Impreza first appeared on the World Rally scene in 1993, taking a hat-trick of World Rally Manufacturers' Championships, in 1995, 1996 and 1997. The drivers the likes of Marku Alen, Ari Vatanen, and Colin McRae have competed in the World Rally Championship in Imprezas and all went on to winning the World Rally Drivers' Championship in Imprezas. These cars continued to compete on the World Rally stage until the end of 2008, when the Subaru World Rally Team unfortunately withdrew from rallying. This brand new Haynes Manual covers one of the most iconic rally cars in recent years, and does so in perfect detail. People that love the Impreza, really love the Impreza, so get the full facts and specs now!

Complete coverage for your Subaru Legacy (10-16) & Forester (09-16):

Few cars in modern times have caused as much of a stir as the turbocharged Subaru Impreza. It came from nowhere at the start of the 1990s to claim three successive World Rally Championships for its makers in the middle of that decade, and went on to become an enthusiasts' car thanks to its affordability, high performance - and, of course, the glorious exhaust note of its unusual flat-four 'boxer' engine. This book examines the three generations of Subaru Impreza WRX and WRX STI from 1992 - 2012, including how the roadgoing cars were developed from the successful rally models, production history and specification details. Topics covered include: History of the Impreza, and early days in competition with the Leone and the Legacy models. Construction and derivatives of the distinctive flat-four engine. Innovations in the Impreza's four-wheel-drive system. Design and specifications for special editions. Includes material from Prodrive on their limited edition models. Examines both rally and roadgoing cars.

This is an automotive maintenance and repair manual for the VW Beetle vehicles. The book is suitable for the DIY mechanic.

Modern cars are more computerized than ever. Infotainment and navigation systems, Wi-Fi, automatic software updates, and other innovations aim to make driving more convenient. But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack. The Car Hacker's Handbook will give you a deeper understanding of the computer systems and embedded software in modern vehicles. It begins by examining vulnerabilities and providing detailed explanations of communications over the CAN bus and between devices and systems. Then, once you have an understanding of a vehicle's communication network, you'll learn how to intercept data and perform specific hacks to track vehicles, unlock doors, glitch engines, flood communication, and more. With a focus on low-cost, open source hacking tools such as Metasploit, Wireshark, Kayak, can-utils, and ChipWhisperer, The Car Hacker's Handbook will show you how to: !Build an accurate threat model for your vehicle !Reverse engineer the CAN bus to fake engine signals !Exploit vulnerabilities in diagnostic and data-logging systems !Hack the ECU and other firmware and embedded systems !Feed exploits through infotainment and vehicle-to-vehicle communication systems !Override factory settings with performance-tuning techniques !Build physical and virtual test benches to try out exploits safely !If you're curious about automotive security and have the urge to hack a two-ton computer, make The Car Hacker's Handbook your first stop.

The Force is with me, and I am one with the Force. ! Chirrut Îmwe Presiding over the Kyber Temple on Jedha, the Guardians of the Whills, Baze Malbus and Chirrut Îmwe, had hoped to maintain a peaceful balance despite the growing presence of the Empire in their Holy City. They struggle to maintain their beliefs as stormtroopers threaten to take over, when Saw Gerra appears offering them a chance to help Jedha. How far are Baze and Chirrut willing to compromise for peace, or will Saw's plan be too dangerous to risk? Star Wars: Guardians of the Whills revisits Baze and Chirrut before they meet the rebellion members who turn the tide in the fight against the Empire in Rogue One: A Star Wars Story. Writer Jon Tsuei and manga artist Subaru bring the origin story of this fan-favorite duo to life in a new manga adaptation based on the novel by Greg Rucka. © & TM 2021 LUCASFILM LTD Copyright © 2021 Disney Enterprises, Inc.
