A new, definitive biography of the iconic and mysterious singer, Warhol superstar, Velvet Underground collaborator: influential solo artist Nico. YOU ARE BEAUTIFUL AND YOU ARE ALONE is a new biography of Nico, the mysterious singer best known for her work with the Velvet Underground and her solo album Chelsea Girl. Her life is tangled in myth--much of it of her own invention. Rock and roll cultural historian Jennifer Bickerdike delivers a definitive book that unravels the story while making a convincing case for Nico's enduring importance. Over the course of her career, Nico was an ever-evolving myth: art film house actress, highly coveted fashion model, Dietrich of Punk, Femme Fatale, Chelsea Girl, Garbo of Goth, The Last Bohemian, Heroin Junkie. Lester Bangs described her as 'a true enigma.' At age 27, Nico became Andy Warhol's newest Superstar, featuring in his one commercial break out hit film Chelsea Girls and garnering the position of chanteuse for the Velvet Underground. It wasn't Nico's musical chops which got her the gig; it was her striking beauty. Her seeming otherworldly and unattainable presence was further amplified by her reputation for dating rock stars (Brian Jones, Bob Dylan, Jim Morrison, among others). She became famous for being Nico. Yet Nico's talent and her contribution to rock culture are often overlooked. She spent most of her career as a solo artist on the road, determined to make music, seemingly against all the odds, enduring empty concert halls, abusive fans, and the often perilous reality of being an ageing artist and drug addict. She created mesmerizing and unique projects that inspired a generation of artists, including Henry Rollins, Morrissey, Siouxsie Sioux and the Banshees and Iggy Pop. Drawing on the archives at the Andy Warhol Museum and at Nico's record labels, various private collections, and rarely seen footage, and featuring exclusive new interviews from those who knew her best, including Iggy Pop and Danny Fields, and those inspired by her legacy, YOU ARE BEAUTIFUL AND YOU ARE ALONE reveals the complicated, often compromised, self-destructive and always head strong woman behind the one-dimensional myths.

When doctors told Danielle Walker that food didn't cause her autoimmune disease and couldn't help control it, she set out to prove them wrong. Diagnosed with an extreme form of ulcerative colitis at 22, Danielle was terrified she'd never be able to eat all the wonderful, great-tasting foods she loved growing up or host warm, welcoming gatherings with family and friends. So when the medicine she was prescribed became almost as debilitating as the disease itself, Danielle took matters into her own hands, turned her kitchen into a laboratory, and set to work creating gut-healthy versions of the foods she thought she'd never be able to enjoy again. Three New York Times bestselling cookbooks later, Danielle has become a beacon of hope for millions around the world suffering from autoimmune diseases, food allergies, and chronic ailments. Now for the first time, with stunning transparency about the personal toll her illness took on her physically, emotionally, and spiritually, Danielle reflects on everything she's learned during her decade-long journey toward healing--including the connection between gut health and overall well-being, the development of her favorite recipes, and the keys for not simply

surviving her autoimmune disease but thriving despite it. Through her resilience, Danielle tells a story that provides hope--hope that despite your ailments or hardships, you can live a full, happy, and healthy life without ever feeling excluded or deprived. Food saved Danielle Walker. And it can save you, too. Includes six fan-favorite recipes and the stories behind them!

This fascinating volume covers the life and career of celebrity Ryan Gosling, from his start on The New Mickey Mouse Club to his starring role in the film Gangster Squad. The book traces Gosling's childhood in Canada to his rise as a Hollywood leading man. It also talks about how Gosling transitioned from actor, to producer, director, and social activist.

Growing up on the Wirral, Hannah Jackson had no idea she wanted to work on a farm until a life-changing family visit to the Lake District in her late teens. It was there where she first saw a lamb being born, giving her the drive to defy her urban roots and become a professional shepherd. She never looked back. In this uplifting and inspirational memoir, Hannah shares how she broke the stereotypes of her 'townie' beginnings, took risks and faced up to the challenges of being a young woman in a male-dominated industry, and followed her heart to become the Red Shepherdess. But behind the beautiful landscape, talented sheepdogs and eye-catching red hair was a steep learning curve. The physically and mentally demanding conditions she faced as she chased her dreams to build her own Cumbrian farm taught Hannah the values she holds true, including community, leadership, patience and resilience.

Using Anthony Giddens' Structuration theory and rhetorical theory, this book identifies fat acceptance activists' tactics to end fat stigma. The book covers the benefits and detriments of social media in fat acceptance activism, the importance of symbolism and rhetorical savvy, and the use of narrative in fat activism.

A revelatory and timely look at how technology boosts our cognitive abilities--making us smarter, more productive, and more creative than ever. It's undeniable--technology is changing the way we think. But is it for the better? Amid a chorus of doomsayers, Clive Thompson delivers a resounding "yes." In *Smarter Than You Think*, Thompson shows that every technological innovation--from the written word to the printing press to the telegraph--has provoked the very same anxieties that plague us today. We panic that life will never be the same, that our attentions are eroding, that culture is being trivialized. But, as in the past, we adapt--learning to use the new and retaining what is good of the old. *Smarter Than You Think* embraces and extols this transformation, presenting an exciting vision of the present and the future.

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR - NEW YORK TIMES BEST SELLER - From the indie rockstar of Japanese Breakfast fame, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.
