User manual Denon AVR-1913 (154 pages)

I purchased the avr-1910 to replace another Denon receiver that I've had for 16 plus years. After reading many reviews about the difficultes of set up and the manual being hard to understand, I was somewhat concerned that I didn't possess the abilities to set this thing up. It was EASY. The Audyssey set up program worked like a charm.

This short account seeks to trace those changes through the stories of the houses, their occupants, and their occupants' friends and neighbours.
