Math 2300: Calculus II

Project: The Harmonic

Series, the Integral Test

Solution: The integral is

larger than the n th sum, and

since the integral

converges, the n th sum must

also converge. The second

sum is only 1 larger than

the n th sum, and since the

n th sum converges, the

second sum must also

converge.

A discovery project is an opportunity for a new client to try out the working relationship with you for a minimum investment. If it has defined deliverables, it would be possible for the client to go to another supplier at the end of the discovery phase if they were unhappy and not be any worse off.
