educational and professional settings. Student projects are often based around a real life project, with an imaginary client often included.

Architectural Design Brief - The Checklist

Interior architecture is the design of a building or shelter from inside out, or the design of a new interior for a type of home that can be fixed. It can refer to the initial design and plan used for a building's interior, to that interior's later redesign made to accommodate a changed purpose, or to the significant revision of an original design for the adaptive reuse of the shell of the building concerned. The latter is often part of sustainable architecture practices, whereby resources

Briefing documents for building design - Designing ...

The ideal start to a new interior design project. A carefully written brief is the foundation for a successful interior design project. Its job is to provide structure, guidance and direction to your work. When gathering information from a client, you should start by documenting the most important objectives. You can also add information around design or architectural features, preferred furnishings and finishes, and anything else that might be useful to the project.

Interior Design Brief Template & Example Project - Milanote

In architecture, a brief is a statement of a client's requirements, which form the basis for appointing an architect. The brief describes the requirements that need to be reconciled and accommodated, and is developed first as a design which is submitted for approval, and subsequently constructed as a building or other structure. A brief is a written document that might be anything from a single page to a multiple volume set of documents. The term program is often used today, in conjunction with,
