Fresh from the staggering success of The Truth about the Harry Quebert Affair, Marcus Goldman is struggling to write his third novel. A chance encounter in Florida throws him some inspiration from a surprising source: Alexandra Neville, the beautiful, phenomenally successful singer and Marcus's first love. All at once, memories of his childhood come flooding back. Memories of a family torn apart by tragedy, and a once glorious legacy reduced to shame and ruin. The Baltimore Boys. The Goldman Gang. That was what they called Marcus, and his cousins Hillel and Woody. Three brilliant young men with their whole lives ahead of them, before their kingdom crumbled beneath the weight of lies, jealousy and betrayal. For years, Marcus has struggled with the burdens of his past, but now, he must attempt to banish his demons and tell the real story of the Baltimore Boys. Translated from the French by Alison Anderson

"The text of the book is supported by more than fifty illustrations. Some are Jarry's own and some are those of contemporaries, such as Aubrey Beardsley, Emile Bernard, Pierre Bonnard, Max Elskamp, Charles Filiger, Paul Gauguin, Gerhard Munthe, Henri Rousseau, and Felix Vallotton. Others relate to an iconic intertext, hitherto unexplored. Alfred Jarry: An Imagination in Revolt sheds light on an underresearched area of fin-de-siecle French culture and art history, establishing Jarry's role as a major figure in the origins of modernism."--Jacket.

Jacques Derrida is, in the words of the New York Times, "perhaps the world's most famous philosopher—if not the only famous philosopher." He often provokes controversy as soon as his name is mentioned. But he also inspires the respect that comes from an illustrious career, and, among many who were his colleagues and peers, he inspired friendship. The Work of Mourning is a collection that honors those friendships in the wake of passing. Gathered here are texts—letters of condolence, memorial essays, eulogies, funeral orations—written after the deaths of well-known figures: Roland Barthes, Paul de Man, Michel Foucault, Louis Althusser, Edmond Jabès, Louis Marin, Sarah Kofman, Gilles Deleuze, Emmanuel Levinas, Jean-François Lyotard, Max Loreau, Jean-Marie Benoist, Joseph Riddel, and Michel Servière. With his words, Derrida bears witness to the singularity of a friendship and to the absolute uniqueness of each relationship. In each case, he is acutely aware of the questions of tact, taste, and ethical responsibility involved in speaking of the dead—the risks of using the occasion for one's own purposes, political calculation, personal vendetta, and the expiation of guilt. More than a collection of memorial addresses, this volume sheds light not only on Derrida's relation to some of the most prominent French thinkers of the past quarter century but also on some of the most important themes of Derrida's entire oeuvre-mourning, the "gift of death," time, memory, and friendship itself. "In his rapt attention to his subjects' work and their influence upon him, the book also offers a hesitant and tangential retelling of Derrida's own life in French philosophical history. There are illuminating and playful anecdotes—how Lyotard led Derrida to begin using a word-processor; how Paul de Man talked knowledgeably of jazz with Derrida's son. Anyone who still thinks that Derrida is a facetious punster will find such resentful prejudice unable to survive a reading of this beautiful work."—Steven Poole, Guardian "Strikingly simpa meditations on friendship, on shared vocations and avocations and on philosophy and history."—Publishers Weekly

"One night in December, a corpse is found in Room 622 of the Hotel Verbier, a luxury hotel in the Swiss Alps. A police investigation begins without definite end, and public interest wanes with the passage of time. Years later, the writer Joel Dicker, Switzerland's most famous literary ingenue, arrives at that same hotel to recover from a bad breakup, mourn the death of his longtime publisher, and begin his next novel. Little does Joel know that his expertise in the art of the thriller will come in handy when he finds himself investigating the crime. He'll need a Watson, of course: in this case, that would be Scarlett, the beautiful guest and aspiring novelist from the next room, who joins in the search while he tries to solve another puzzle: the plot of his next book. Meanwhile, in the wake of his father's passing, Macaire Ebezner is set to take over as president of the largest private bank in Switzerland. The succession captivates the news media, and the future looks bright, until it doesn't. The bank's board, including a certain Lev Levovitch-Geneva's very own Jay Gatsby-have other plans, and Macaire's race to the top soon becomes a race against time... A matryoshka doll of a mystery built with the precision of a Swiss watch. Joel Dicker presents a diabolically addictive thriller where a love triangle, a power struggle, shocking betrayals and dangerous envy play out against the backdrop of a not so quiet Switzerland, where the truth twists and turns into something no reader will see coming. A European phenomenon, Dicker's latest page-turner is his most personal novel yet"--

L'accès au passé, par l'archéologie, l'histoire ou l'exposition, se fonde sur des médiations. Parmi elles, les reconstitutions ou décors d'exposition sont des mises en scène du patrimoine qui font souvent l'objet de critiques. Par leurs aspects spectaculaire et théâtral, elles ne donneraient qu'une illusion de la présence du passé. Elles seraient superficielles, sinon fausses en regard des objets patrimoniaux qu'elles mettent en scène. La fiction n'est-elle pas antinomique du patrimoine et des savoirs garants de son authenticité ? Cet ouvrage montre que les mises en scène sont aussi un moyen de soutenir la force symbolique et l'authenticité du patrimoine. L'analyse d'expositions concrètes de patrimoine archéologique permet de comprendre comment elles construisent une expérience du temps pour le visiteur et un type de médiation original. La construction du discours spatial et l'articulation des éléments fictionnels et des éléments authentiques deviennent alors déterminantes.
