Joji, Rich Brian, Higher Brothers, AUGUST 08 (Official Music Video) Madness The Invention Of An Compelling and highly influential, Michel Foucault's Madness is an indispensable work for readers who wish to understand the intellectual evolution of one of the most important social theorists of the twentieth century. Written in 1954 and revised in 1962, Madness delineates the profound shift that occurred in Foucault's thought during this period. The first iteration reflects the philosopher's early interest in and respect for Freudian theory and the psychoanalytic tradition.
