If you 're serious about becoming a state trooper or highway patrol officer, then you need Norman Hall's State Trooper & Highway Patrol Exam Preparation Book.

At the age of just 19, JW Murphey didn't have access to large amounts of private security industry experience, a bunch of cash, an eBook or the Internet to help him start his security guard company. But, he didn't want to spend years as another cog inside of a large security corporation. Instead of staying employed with a big corporation, he struck out on his own and started his own security agency. Now, in its 4th edition, published by The Security Officer Network, the popular How to Start a Security Guard Company book includes Murphey's creative strategies for building a private security agency with a minimal up-front investment. This isn't another generic "how to form a business" book. You will easily find a plethora of free resources on the Internet where you can learn business startup basics. This book won't waste your time repeating this information; instead, readers receive immediately actionable advice that's specifically tailored to the private security industry. Written by an author who actually started his own agency, the book details his innovative approaches and strategies; imparts instruction on quantifying the cost of providing security services; gives tips for under bidding and competing against the big security companies; details tricks to minimize overhead and keep costs low and much, much more. Constantly updated and relevant, with the most recent update made in December of 2017, the book includes an array of helpful, must-have resources including a private security business plan and numerous free-to-use forms and templates.

Covering all CCSP domains, this book walks you through Architectural Concepts and Design Requirements, Cloud Data Security, Cloud Platform and Infrastructure Security, Cloud Application Security, Operations, and Legal and Compliance with real-world scenarios to help you apply your skills along the way. The CCSP is the latest credential from (ISC)2 and the Cloud Security Alliance, designed to show employers that you have what it takes to keep their organization safe in the cloud. Learn the skills you need to be confident on exam day and beyond. Review 100% of all CCSP exam objectives Practice applying essential concepts and skills Access the industry-leading online study tool set Test your knowledge with bonus practice exams and more As organizations become increasingly reliant on cloud-based IT, the threat to data security looms larger. Employers are seeking qualified professionals with a proven cloud security skillset, and the CCSP credential brings your resume to the top of the pile. CCSP (ISC)2 Certified Cloud Security Professional Official Study Guide gives you the tools and information you need to earn that certification, and apply your skills in a real-world setting.

A reference manual for all immigrants looking to become citizens This pocket study guide will help you prepare for the naturalization test. If you were not born in the United States, naturalization is the way that you can voluntarily become a US citizen. To become a naturalized U.S. citizen, you must pass the naturalization test. This pocket study guide provides you with the civics test questions and answers, and the reading and writing vocabulary to help you study. Additionally, this guide contains over fifty civics lessons for immigrants looking for additional sources of information from which to study. Some topics include: · Principles of American democracy · Systems of government · Rights and representation · Colonial history · Recent American history · American symbols · Important holidays · And dozens more topics!

This "compellingly hard-hitting" bestseller from a Pulitzer Prize finalist gives readers the complete untold story of the top-secret military base for the first time (New York Times). It is the most famous military installation in the world. And it doesn't exist. Located a mere seventy-five miles outside of Las Vegas in Nevada's desert, the base has never been acknowledged by the U.S. government — but Area 51 has captivated imaginations for decades. Myths and hypotheses about Area 51 have long abounded, thanks to the intense secrecy enveloping it. Some claim it is home to aliens, underground tunnel systems, and nuclear facilities. Others believe that the lunar landing itself was filmed there. The prevalence of these rumors stems from the fact that no credible insider has ever divulged the truth about his time inside the base. Until now. Annie Jacobsen had exclusive access to nineteen men who served the base proudly and secretly for decades and are now aged 75-92, and unprecedented access to fifty-five additional military and intelligence personnel, scientists, pilots, and engineers linked to the secret base, thirty-two of whom lived and worked there for extended periods. In Area 51, Jacobsen shows us what has really gone on in the Nevada desert, from testing nuclear weapons to building super-secret, supersonic jets to pursuing the War on Terror. This is the first book based on interviews with eye witnesses to Area 51 history, which makes it the seminal work on the subject. Filled with formerly classified information that has never been accurately decoded for the public, Area 51 weaves the mysterious activities of the top-secret base into a gripping narrative, showing that facts are often more fantastic than fiction, especially when the distinction is almost impossible to make.
