Three engines were available, though, the 3.0-liter V6 was the most popular. Other options that made it unique for a vehicle of its type included a turbo diesel engine. Power steering and a front double-wishbone suspension. This union not only made the Pajero capable but comfortable as well. By 1983 a 5-door model showed up with a longer wheel ...

More power would be nice but the 4d56 does have enough power to move the vehicle around with ease. I even pull my tent trailer with mine and find it not too bad. Before my Pajero I was driving an 84 Toyota Diesel truck with the 2L engine. It had around 70-75 HP. If I had the option for the 4m40 I would take it but I am happy with the 4d56 as well.
