asset master data. Identify how to disinvest assets and adjust their values. Find out what options are available for asset depreciation. Learn how to calculate depreciation, how to post in the ledgers according to accounting principles, and how G/L accounts are determined for the postings. Dive into asset reporting functionality, including key tools, as well as depreciation simulation to predict future depreciation costs. Look at migration requirements and considerations. By using practical examples, tips, and SAP Fiori screenshots, this book:

- Describes SAP Fixed Asset Accounting functionality in SAP S/4HANA with SAP Fiori examples
- Explores the complete lifecycle of an asset in SAP
- Identifies differences between classic Fixed Asset Accounting and the new SAP S/4HANA Fixed Asset Accounting
- Examines how Fixed Asset Accounting is integrated with other SAP modules

The final book in the New England-set trilogy that began with *Dance Upon the Air and Heaven and Earth*.

In this one-of-a-kind guide, survival skills expert and author Nate Summers unlocks the practical, ancient, and powerful art of making fire. Our modern lives and comforts have removed us from the world of our grandmothers and grandfathers where simple skills like how to make a fire to keep yourself alive are lost or fading rapidly. In this book, you will discover the basic principles of fire-making, plenty of how-to material, different fire-starting methods and structures for almost any conditions, fire safety information, and, perhaps most importantly after safety, a section devoted to the most useful species for each bioregion in North America. After reading, you will be well on your way to successfully making fires for emergency situations; knowing how to build a campfire for cooking, fun, warmth, and comfort; and understanding fire safety—no matter where you live or adventure.
