An epic novel of the turbulent English Civil War seen through the lives of those that fought for peace and struggled for love Set against the  
terrible struggle of the English Civil War, Rebels and Traitors is the story of how this turbulent era effected everyone, from rich to poor, and  
the hopes and dreams that carried them through years of deprivation, bloodshed and terror. When Gideon Jukes and Juliana Lovell, who are  
on opposites sides of the struggle, meet during one of the era's most crucial events, their mutual attraction brings the comfort and  
companionship for which they both have yearned. But the flowering of radical thought collapses; its failure leads to endless plots and strange  
alliances. And shadows from the past threaten them individually and together in their hard-won peace. Like Margaret Mitchell's Gone with the  
Wind and John Jakes' North and South, Lindsey Davis brings to life a turbulent time through the stories of those who struggled, fought, lived  
and loved on all sides of a defining and devastating time.

One of the stories from the bestselling historical fiction Falco series. Set against the terrible struggle of the English Civil War and the dark  
plots of the Commonwealth, Rebels and Traitors tells of soldiers, adventurers, aristocrats and kings, tradesmen, politicians, radicals and  
scavengers - and the hopes and dreams that carried them through one of the most turbulent eras of English history. Men who never imagined  
fighting a war gladly risk their lives; women strive to keep families and businesses together through years of deprivation; innocents are caught  
up in bloodshed and terror. After years of struggle Gideon Jukes and Juliana Lovell, on opposite sides of the Parliamentarian/Royalist divide,  
are brought together by fate on one of the significant dates of the struggles and its aftermath. After adversity and loss, their mutual attraction  
may one day bring the comfort and companionship for which they both have yearned through a disastrous war. But a dark shadow lurks over  
them and even in peace the past is not far behind. Rebels and Traitors is an absolute epic masterpiece, poignant and convincing  
characterisation and razor-sharp historical realism.

Set against the terrible struggle of the English Civil War and the dark plots of the Commonwealth, this title tells the story of soldiers, adventurers, aristocrats and kings, tradesmen, politicians, radicals and scavengers - and the hopes and dreams that carried them through one of the most turbulent eras of English history.

Rome, AD 71. Marcus Didius Falco is desperate to leave the notorious Lautumiae prison - though being bailed out by his mother is a slight indignity... Things go from bad to worse though when a group of nouveau riche ex-slaves hire him to outwit a fortune-hunting redhead, whose husbands have a habit of dying accidentally, leaving him up against a female contortionist, her extra-friendly snake, indigestible cakes and rent racketeers. And, all the while, trying to lure Helena Justina to live with him, a dangerous proposition given the notorious instability of Roman real estate. In a case of murder as complicated as he ever faced, this Lindsey Davis' classic tale Venus in Copper shows Falco at his very finest.

When Marcus Didius Falco, a Roman "informer" who has a nose for trouble that's sharper than most, encounters Sosia Camillina in the Forum, he senses immediately all is not right with the pretty girl. She confesses to him that she is fleeing for her life, and Falco makes the rash decision to rescue her—a decision he will come to regret. For Sosia bears a heavy burden: as heavy as a pile of stolen Imperial ingots, in fact. Matters just get more complicated when Falco meets Helena Justina, a Senator's daughter who is connected to the very same traitors he has sworn to expose. Soon Falco finds himself swept from the perilous back alleys of Ancient Rome to the silver mines of distant Britain—and up against a cabal of traitors with blood on their hands and no compunction whatsoever to do away with a snooping plebe like Falco.... The Silver Pigs is Lindsey Davis' classic novel which introduced readers around the world to Marcus Didius Falco, a private informer with a knack for trouble, a tendency for bad luck, and a frequently inconvenient drive for justice.

Falco: The Next Generation—Flavia Albia has taken up her father's profession. Only, now Rome is a more dangerous, mercurial place than it was back in dear old dad's day . . . Flavia Albia is the adopted daughter of Marcus Didius Falco and Helena Justina. From her mother, she learned how to blend in at all levels of society; from her father, she learned the tricks of their mutual professional trade. But her wits and (frequently) sharp tongue are hers alone. Now, working as a private informer in Rome during the reign of Domitian, Flavia has taken over her father's old ramshackle digs at Fountain Court in the Surbura district, where she plies her trade with energy, determination, and the usual Falco luck. Recently hired to help investigate a fatal accident, she finds herself stuck with a truly awful person for a client and facing a well-heeled, well-connected opponent. That is, until her client unexpectedly dies under what might be called "suspicious circumstances." While this is not a huge loss for society, it is a loss for Flavia Albia's pocket. Even worse, it's just one of a series of similar deaths for which she now finds herself under suspicion. Before things go from abysmal to worse, Flavia must sort out what is happening, and who is responsible, in Lindsey Davis' The Ides of April.

When Germanic troops in the service of the Empire begin to rebel, and a Roman general disappears, Emperor Vespasian turns to the one man he can trust: Marcus Didius Falco, a private informer whose rates are low enough that even the stingy Vespasian is willing to pay them. To Falco, an undercover tour of Germania is an assignment from Hades. On a journey that only a stoic could survive, Falco meets with

disarray, torture, and murder. His one hope: in the northern forest lives a powerful Druid priestess who perhaps can be persuaded to cease her anti-Rome activities and work for peace. Which Falco is eagerly hoping for as, back in Rome, the Titus Caesar is busy trying to make time with Helena Justina, a senator's daughter and Falco's girlfriend. Lindsey Davis' historical mystery Iron Hand of Mars is a "Seamless blending of humor, history and adventure" (Publishers Weekly).

In Rome, 89 A.D., poisonings, murders, and a bloody gang war of retribution breaks out during the festival of Saturnalia, and when her husband, Tiberius, becomes a target, it's time for Flavia Albia to take matters into her own hands -- in Lindsey Davis's next historical mystery, *A Comedy of Terrors*. Flavia Albia, daughter and successor of private informer Marcus Didius Falco is twiddling her thumbs with no clients during the December festival of Saturnalia. But that doesn't mean all is quiet. Her husband Tiberius and the Fourth Cohort are battling organized crime interests that are going to war over the festival nuts. A series of accidental poisonings, then bloody murders of rival nut-sellers, and finally a gruesome warning to Tiberius from the hidden criminal powers to back off. Albia has had just about enough and combines forces with Tiberius to uncover the hidden criminal gangs trying to worm their way into the establishment at a banquet of the emperor Domitian.

In first century A.D. Rome, during the reign of Vespasian, Marcus Didius Falco works as a private "informer," ferreting out hidden truths and bringing villains to ground. But even informers take vacations with their wives, so Falco and his wife, Helena Justina, with their two young children and others in tow, travel to Alexandria, Egypt. But they aren't there long before Falco finds himself in the midst of nefarious doings -- when the Head Librarian of the world-famous library is found dead under suspicious circumstances, in his office with the door locked from inside. Falco quickly finds himself on the trail for dodgy doings, malfeasance, deadly professional rivalries, more bodies, and the lowest of the low - book thieves! As the bodies continue to pile up, it's up to Falco to untangle this horrible mess before the killer begins to strike closer to home.

Roman citizen Marcus Didius Falco welcomes an investigation commissioned by the emperor into treason after Helena Justina, a beauty of privilege, breaks his heart, but finds more trouble than expected.
