Statistical Techniques  
In Business Task  
Assignment No. 1  
Dear Students: You  
are supposed to  
create a situation and  
identify the problem.  
Then develop a

# Access Free Statistical

problem statement.

After developing the  
problem statement

you have to identify  
some variables from

that situation and

also have to mention  
their type as well.

Then from that

assumed situation

you have to develop a  
research question.
