the book is 3 or 4 fairy tales within the harry potter universe. it's blatantly a money raiser for jk rowlings charity so not too had of an idea. the stories themselves are shallow lacking the dark themes behind the classic fairytales. the references back to the modern wizard world are contradictory and tenuous. the last tale is the only decent one and its the one we all know from the hp books. great idea to raise some money, wish she'd dug a bit deeper with the tales.
