Phrases from The Hitchhiker's Guide to the Galaxy - Wikipedia
Jesus is the answer—the only answer—to our broken relationship with God. Apart from Him there is no salvation (Acts 4:12; 1 Timothy 2:5–6). The biblical term for God's act of making peace with sinful humanity is reconciliation (see 2 Corinthians 5:18).

What does it mean that Jesus is the answer? | GotQuestions.org
The use of prepositions in such phrases is more based on conventional usage than on logic or on grammar per se. (So for example “close up the store” and “close down the store” mean pretty much the same thing). So I can tell you that in contemporar...

The answer is NO! Abuse, neglect, abandonment, rejection, adoption, foster homes, orphanages, is this really life at its best? What is the question? It may be easy to give money at church, or to your favorite charity, but what does the older child left behind really need? Read what happens when a 4 year old orphan is adopted when he thought that this would never be. Open up your heart and get ready to laugh and cry as this story unfolds and lets you know that yes, you too can make a difference.

An estimated 19 million adult Americans suffer from anxiety disorders. And anyone who has struggled with anxiety and panic attacks understands that each day brings a new set of fears and challenges. The Anxiety Answer Book is an authoritative reference for these adults and their loved ones, providing sound advice and immediate answers to their most pressing questions. - What is a panic attack? - How does a panic attack happen? - Can a panic attack hurt me? - What is the difference between fear and phobia? - How do I deal with trauma-based anxiety? - What kind of medications will help me? Written in an easy-to-read question and answer format, The Anxiety Answer Book helps readers cope with their anxiety, conquer their fears and seek treatment when necessary.

Cameron Mitchell's "dish room to board room story" began when he was 16-years-old and started working as a dishwasher at a local Columbus, Ohio steakhouse. Two years later, when Mitchell was working as a line cook during a chaotic shift change, he had an epiphany. He realized he loved the restaurant business and set out to make it his lifelong career and knew he wanted to be the president of a restaurant company one day. In this book he tells the unvarnished tale of his rapid rise, a rags-to-riches story that any entrepreneur or restaurant enthusiast will love and learn from--Adapted from jacket.

In If Jesus Is the Answer, What Is the Question?, Dr. Genova reflects on six important questions, each posed by God to his people in the Hebrew scriptures. God asks these questions because we need to examine our own experiences and to use our reason to gain an improved understanding of God, ourselves, our community, and our interrelationships. The questions are: Who is your Lord? Who are you? What do you need? Do you understand? What will God do? How will you respond? Seek each question and the dialogue with God recounted in the Old Testament. Continue into the Gospels as Jesus asks these same questions. As Jesus said, You diligently study the Scriptures because you think that by them you possess eternal life. These are the Scriptures that testify about me, yet you refuse to come to me to have life (John 5: 39-40).

Now celebrating the 42nd anniversary of The Hitchhiker’s Guide to the Galaxy, soon to be a Hulu original series! “Wild satire . . . The feckless protagonist, Arthur Dent, is reminiscent of Vonnegut heroes.”—Chicago Tribune The unhappy inhabitants of planet Krikkit are sick of looking at the night sky above their heads—so they plan to destroy it. The universe, that is. Now only five individuals stand between the killer robots of Krikkit and their goal of total annihilation. They are Arthur Dent, a mild-mannered space and time traveler who tries to learn how to fly by throwing himself at the ground and missing; Ford Prefect, his best friend, who decides to go insane to see if he likes it; Slartibartfast, the indomitable vice president of the Campaign for Real Time, who travels in a ship powered by irrational behavior; Zaphod Beeblebrox, the two-headed, three-armed ex-president of the galaxy; and Trillian, the sexy space cadet who is torn between a persistent Thunder God and a very depressed Beeblebrox. How will it all end? Will it end? Only this stalwart crew knows as they try to avert “universal” Armageddon and save life as we know it—and don’t know it! “Adams is one of those rare treasures: an author who, one senses, has as much fun writing as one has reading.”—Arizona Daily Star

There have been many books written about the Theory of Evolution. Probably, your first thought here is that this is just one more book on the subject. And you are right! However, this one has a different twist to it. This one asks questions about the subject matter where answers have not been forthcoming. Taking a layman’s approach to addressing the subject matter, the author writes as though the reader is bringing nothing to this reading experience except a curiosity. This book was not written for those of the scientific community, per se. There are quite a few questions that the author feels stand in the way of acceptance of the Theory, and remain unanswered. These are brought to the forefront, amid informative background knowledge of life and it’s beginning, and of necessity, an opposing view. That, of course, would be “Intelligent Design”. Intriguing topics addressed by others are presented, such as the Big Bang beginning of the Universe, or the discovery of a particle found to exist that’s smaller, even, than the parts of an atom i.e., smaller than the proton, the neutron, even the electron. Dark Energy, and it’s possible catastrophic results on the Universe are briefly discussed, as well as the information stored in DNA in all living cells, which is the design criteria for life. So you see the discussions are made purposely broad to offer the reader the necessary background for his better understanding of the subject matter.

In a civilized society, violence is rarely the answer. But when it is-it’s the only answer. The sound of breaking glass downstairs in the middle of the night. The words, "Move and you die." The hands on your child, or the knife to your throat. In this essential book, self-protection expert and former military intelligence officer Tim Larkin changes the way we think about violence in order to save our lives. By deconstructing our assumptions about violence-its morality, its function in modern society, how it actually works-Larkin unlocks the shackles of our own taboos and arms us with what we need to know to prevent, prepare for, and survive the unthinkable event of life-or-death violence. Through a series of harrowing true-life stories, Larkin demonstrates that violence is a tool equally effective in the hands of the "bad guy" or the "good guy"; that the person who acts first, fastest and with the full force of their body is the one who survives; and that each and every one of us is capable of being that person when our lives are at stake. An indispensable resource, When Violence is the Answer will remain with you long after you've finished reading, as the bedrock of your self-protection skills and knowledge.

Modern culture’s worship of “how-to” pragmatism has turned us into instruments of efficiency and commerce—but we’re doing more and more about things that mean less and less. We constantly ask “how? and still struggle to find purpose and act on what matters. Instead of acting on what we know to be of importance, we wait for bosses to change, we seek the latest fad, we invest in one more degree. Asking how keeps us safe—instead of being led by our hearts into uncharted territory, we keep our heads down and stick to the rules. But we are gaining the world and losing our souls. Peter Block puts the “how-to” craze in perspective and presents a guide to the difficult and life-granting journey of bringing what we know is of personal value into an indifferent or even hostile corporate and cultural landscape. He raises our awareness of the trade-offs we’ve made in the name of practicality and expediency, and offers hope for a way of life in which we’re motivated not by what “works,” but by the things that truly matter in life—idealism, intimacy, depth and engagement.
