The sixtieth anniversary edition of Frantz Fanon ' s landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon ' s The Wretched of the Earth is a masterful and timeless interrogation of race, colonialism, psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, The Wretched of the Earth is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West ' s introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon ' s most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said ' s Orientalism and The Autobiography of Malcolm X.

“ Hypnotic....It is ever tempting to try to fathom his restless spirit and his determination to challenge fate. ” —Janet Maslin, New York Times
Werner Herzog (Grizzly Man) is one of the most revered and enigmatic filmmakers of our time, and Fitzcarraldo is one of his most honored and admired films. More than just Herzog ' s journal of the making of the monumental, problematical motion picture, which involved, among other things, major cast changes and reshoots, and the hauling (without the use of special effects) of a 360-ton steamship over a mountain , Conquest of the Useless is a work of art unto itself, an Amazonian fever dream that emerged from the delirium of the jungle. With fascinating observations about crew and players—including Herzog ' s lead, the somewhat demented internationally renowned star Klaus Kinski—and breathtaking insights into the filmmaking process that are uniquely Werner Herzog, Conquest of the Useless is an eye-opening look into the mind of a cinematic master.

Keep your home clean, green, and healthy! Learn how to disinfect and freshen your house using powerful all-natural cleaners made by mixing essential oils together with common nontoxic kitchen ingredients like baking soda, lemon, and vinegar. Discover how fruits and herbs can brighten any room with revitalizing scents.

The autobiography of Helen Keller, who lost both sight and hearing by illness at nineteen

months, and became a famous author and lecturer.

In a fascinating and comprehensive intellectual history of modern communication in America, Daniel Czitrom examines the continuing contradictions between the progressive possibilities that new communications technologies offer and their use as instruments of domination and exploitation.

Made to Break is a history of twentieth-century technology as seen through the prism of obsolescence. Giles Slade explains how disposability was a necessary condition for America's rejection of tradition and our acceptance of change and impermanence. This book gives us a detailed and harrowing picture of how, by choosing to support ever-shorter product lives, we may well be shortening the future of our way of life as well.
