Unit 1: The Global Tapestry, 1200 to 1450. It looks like you're using Internet Explorer 11 or older. This website works best with modern browsers such as the latest versions of Chrome, Firefox, Safari, and Edge.

World History is the only course offering students an overview of the entire history of humankind. The major emphasis will be on the study of significant people, events, and issues from the earliest times to the present. Traditional historical points of reference in World History will be identified as students analyze important events and issues in western civilization as well as in civilizations in other parts of the world. Students will evaluate the causes and effects of political and economic imperialism and of major political revolutions since the 17th century. Students will examine the impact of geographic factors on major historic events and identify the historic origins of contemporary economic systems. Students will analyze the process by which democratic-republican governments evolved as well as ideas from historic documents that influenced that process. Students will trace the historical development of important legal and political concepts. Students will examine the history and impact of major religious and philosophical traditions. Students will analyze the connections between major developments in science and technology and the growth of industrial economics. They will use the process of historical inquiry to research, interpret, and use multiple sources of evidence.

AP Biology Premium Prep, 2021, previously titled Cracking the AP Biology Exam, Premium Edition, will now include a total of 6 full-length practice tests. The Premium edition continues to provide students with comprehensive topic reviews of all AP Biology subjects, from photosynthesis to genetics to evolution. It also includes strategies for all AP Biology question types, including grid-in and short free-response questions, and contains detailed guidance on how to write a topical, cohesive, point-winning essay. This Premium edition now includes 6 full-length practice tests (4 in the book and 2 online) for the most practice possible.

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

It ' s the revolutionary world history study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace World History . . . kicks off with the Paleolithic Era and transports the reader to ancient civilizations—from Africa and beyond; the middle ages across the world; the Renaissance; the age of exploration and colonialism, revolutions, and the modern world and the wars and movements that shaped it. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only one book you need for each main subject taught in middle school: Math, Science, American History, English, and World History. Inside the reader will find every subject ' s key concepts, easily digested and summarized; Critical ideas highlighted in marker colors. Definitions explained. Doodles that illuminate tricky concepts. Mnemonics for a memorable shortcut. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award –winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
