The Sony Ericsson Xperia ray (ST18i) is an Android smartphone from Sony Ericsson. It contains similar hardware to other 2011 Xperia phones (1 GHz MSM8255, 854x480 FWVGA screen, 8.1mp camera, etc.) in a considerably smaller package. As a result, the display has a higher pixel density compared to other 2011 Xperia phones.

“This book is a message from autistic people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It’s also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language.” With a reporter’s eye and an insider’s perspective, Eric Garcia shows what it’s like to be autistic across America. Garcia began writing about autism because he was frustrated by the media’s coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn’t look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don’t need to be fixed. In We’re Not Broken, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

#1 NEW YORK TIMES BESTSELLER • Meghan, The Duchess of Sussex’s first children’s book, The Bench, beautifully captures the special relationship between father and son, as seen through a mother’s eyes. The book’s storytelling and illustration give us snapshots of shared moments that evoke a deep sense of warmth, connection, and compassion. This is your bench Where you’ll witness great joy. From here you will rest See the growth of our boy. In The Bench, Meghan, The Duchess of Sussex, touchingly captures the evolving and expanding relationship between father and son and reminds us of the many ways that love can take shape and be expressed in a modern family. Evoking a deep sense of warmth, connection, and compassion, The Bench gives readers a window into shared and enduring moments between a diverse group of fathers and sons—moments of peace and reflection, trust and belief, discovery and learning, and lasting comfort. Working in watercolor for the first time, Caldecott-winning, bestselling illustrator Christian Robinson expands on his signature style to bring joy and softness to the pages, reflecting the beauty of a father’s love through a mother’s eyes. With a universal message, this thoughtful and heartwarming read-aloud is destined to be treasured by families for generations to come.

A strikingly original exploration of what it might mean to be authentically human in the age of artificial intelligence, from the author of the critically-acclaimed Interior States. “Meghan O’Gieblyn is a brilliant and humble philosopher, and her book is an explosively thought-provoking, candidly personal ride I wished never to end ... This book is such an original synthesis of ideas and disclosures. It introduces what will soon be called the O’Gieblyn genre of essay writing.” —Heidi Julavits, author of The Folded Clock For most of human history the world was a magical and enchanted place ruled by forces beyond our understanding. The rise of science and Descartes’s division of mind from world made materialism our ruling paradigm, in the process asking whether our own consciousness—i.e., souls—might be illusions. Now the inexorable rise of technology, with artificial intelligences that surpass our comprehension and control, and the spread of digital metaphors for self-understanding, the core questions of existence—identity, knowledge, the very nature and purpose of life itself—urgently require rethinking. Meghan O’Gieblyn tackles this challenge with philosophical rigor, intellectual reach, essayistic verve, refreshing originality, and an ironic sense of contradiction. She draws deeply and sometimes humorously from her own personal experience as a formerly religious believer still haunted by questions of faith, and she serves as the best possible guide to navigating the territory we are all entering.

A GOOD MORNING! AMERICA BOOK CLUB PICK “Chandler Baker, queen of the feminist thriller, has delivered once again! The Husbands is a poignant exploration of what it would take for women to have it all.” —Sally Hepworth, bestselling author of The Good Sister To what lengths will a woman go for a little more help from her husband? Nora Spangler is a successful attorney but when it comes to domestic life, she packs the lunches, schedules the doctor appointments, knows where the extra paper towel rolls are, and designs and orders the holiday cards. Her husband works hard, too... but why does it seem like she is always working so much harder? When the Spanglers go house hunting in Dynasty Ranch, an exclusive suburban neighborhood, Nora meets a group of high-powered women—a tech CEO, a neurosurgeon, an award-winning therapist, a bestselling author—with enviously supportive husbands. When she agrees to help with a resident’s wrongful death case, she is pulled into the lives of the women there. She finds the air is different in Dynasty Ranch. The women aren’t hanging on by a thread. But as the case unravels, Nora uncovers a plot that may explain the secret to having-it-all. One that’s worth killing for. Calling to mind a Stepford Wives gender-swap, New York Times bestselling author of Whisper Network Chandler Baker’s The Husbands imagines a world where the burden of the “second shift” is equally shared—and what it may take to get there. “Utterly engrossing and thoroughly timely, The Husbands is both a gripping, well-crafted mystery and an insightful critique of motherhood and marriage in the modern age--working mothers everywhere will feel seen in the best possible way.” —Kimberly McCreight, New York Times bestselling author of A Good Marriage

Shortlisted for the 2021 Booker Prize Longlisted for the 2021 National Book Award for Fiction A heartrending new novel from the Pulitzer Prize–winning and #1 New York Times best-selling author of The Overstory. Named one of the Most Anticipated Books of 2021 by Newsweek, Los Angeles Times, New York Magazine, Chicago Tribune, BuzzFeed, BookPage, Goodreads, Literary Hub, The Millions, New Statesman, and Times of London The astrobiologist Theo Byrne searches for life throughout the cosmos while single-handedly raising his unusual nine-year-old, Robin, following the death of his wife. Robin is a warm, kind boy who spends hours painting elaborate pictures of endangered animals. He’s also about to be expelled from third grade for smashing his friend in the face. As his son grows more troubled, Theo hopes to keep him off psychoactive drugs. He learns of an experimental neurofeedback treatment to bolster Robin’s emotional control, one that involves training the boy on the recorded patterns of his mother’s brain. . . . With its soaring descriptions of the natural world, its tantalizing vision of life beyond, and its account of a father and son’s ferocious love, Bewilderment marks Richard Powers’s most intimate and moving novel. At its heart lies the question: How can we tell our children the truth about this beautiful, imperiled planet?

From one of our most innovative and celebrated authors, the definitive take on the wildest story of the year—the David-vs.-Goliath GameStop short squeeze, a tale of fortunes won and lost overnight that may end up changing Wall Street forever. Bestselling author Ben Mezrich offers a gripping, beat-by-beat account of how a loosely affiliate group of private investors and internet trolls on a subreddit called WallStreetBets took down one of the biggest hedge funds on Wall Street, firing the first shot in a revolution that threatens to upend the establishment. It’s the story of financial titans like Gabe Plotkin of hedge fund Melvin Capital, one of the most respected and staid funds on the Street, billionaires like Elon Musk, Steve Cohen, Mark Cuban, Robinhood co-CEOs Vlad Tenev and Baiju Bhatt, and Ken Griffin of Citadel Securities. Over the course of four incredible days, each in their own way must reckon with a formidable force they barely understand, let alone saw coming: everyday men and women on WallStreetBets like nurse Kim Campbell, college student Jeremy Poe, and the enigmatic Keith “RoaringKitty” Gill, whose unfiltered livestream videos captivated a new generation of stock market enthusiasts. The unlikely focus of the battle: GameStop, a flailing brick-and-mortar dinosaur catering to teenagers and outsiders that had somehow held on as the world rapidly moved online. At first, WallStreetBets was a joke—a meme-filled, freewheeling place to share shoot-the-moon investment tips, laugh about big losses, and post diamond hand emojis. Until some members noticed an opportunity in GameStop—and rode a rocket ship to tens of millions of dollars in earnings overnight. In thrilling, pulse-pounding prose, THE ANTISOCIAL NETWORK offers a fascinating, never-before-seen glimpse at the outside personalities, dizzying swings, corporate drama, and underestimated American heroes and heroines who captivated the nation during one of the most volatile weeks in financial history. It’s the amazing story of what just happened—and where we go from here.

“Stylish, smart, and scary as hell.” —Chris Bohjalian, #1 New York Times bestselling author “A nightmarish white-knuckler.” —O, the Oprah Magazine Oliver Park, a recovering addict from Indiana, finally has everything he ever wanted: sobriety and a loving, wealthy partner in Nathan, a prominent DC trauma surgeon. Despite their difference in age and disparate backgrounds, they’ve made a perfect life together. With everything to lose, Oliver shouldn’t be visiting Haus, a gay bathhouse. But through the entrance he goes, and it’s a line crossed. Instead, he follows a man into a private room, and it’s the final line. Whatever happens next, Nathan can never know. But then, everything goes wrong, terribly wrong, and Oliver barely escapes with his life. He races home in full-blown terror as the hand-shaped bruise grows dark on his neck. The truth will destroy Nathan and everything they have together, so Oliver does the thing he used to do so well: he lies. What follows is a classic runaway-train narrative, full of the exquisite escalations, edge-of-your-seat thrills, and oh-my-god twists. P. J. Vernon’s Bath Haus is a scintillating thriller with an emotional punch, perfect for readers curious for their next must-read novel.

From the acclaimed Booker Prize-winning author comes a dazzling novel of family, love and love’s disappointments Anna’s aged mother is dying. Condemned by her children’s pity to living, subjected to increasingly desperate medical interventions, she turns her focus to her hospital window, through which she escapes into visions of horror and delight. When Anna’s finger vanishes and a few months later her knee disappears, Anna too feels the pull of the window. She begins to see that all around her, others are similarly vanishing, yet no one else notices. All Anna can do is keep her mother alive. But the window keeps opening wider, taking Anna and the reader ever deeper into an eerily beautiful story of grief and possibility, of loss and love and orange-bellied parrots. Hailed on publication in Australia as Richard Flanagan’s greatest novel yet, The Living Sea of Waking Dreams is a rising ember storm illuminating what remains when the inferno beckons: one part elegy, one part dream, one part hope.
